We Accept all major credit cards, dollar and sterling cheques.

Books will be dispatched abroad via Spatial, using their air-assisted channels. For overseas orders delivery can, depending on the vagaries of the postal service, take between 6 and 21 days. For inland orders this may be between 2 days and 1 week. We can send express or by courier, but these options are of course more expensive.

We regret postage, packing and insurance are additional to the price quoted.
